**Comments:** I enlisted in the Army in Aug. 1954 and got separated in Aug. 1957. I was sent to Korea in Sept. 1955. There I joined the 11th combat Engineers at Munsan-Ni South Korea just a short distance from Panmunjom and the DMZ. I spent 16 months in Korea and rotated in Dec. 1956. Its is an experience that I will never forget. I enjoy your webpage a lot and appreciate all the hard work that it requires. Keep up the good work. I will visit periodically. Jim Z. Mowery

**Comments:** Lynnita; on the way out of the site I was checking out some of the memoirs. I was shocked to read about your set-to with the KWVA and Harvey (RAC)oon. I know what its like with them, there are too many people who think they are Gods. Thats exactly why I never would join KWVA, I ran into it up here when I was only inquiring for Janowski about the memorial in Haverhill. I won't go into details about that but I didn't need any @#%\$! thrown at me by someone who was only standing in while the Chapter President was in Fl. this guy caused me to head for the door and I never went back. Everytime they see me wearing my Chosin Few cap, I get the smile treatment, wanting me to come aboard--eh eh I actually told a couple of them (that I know) why I wouldn't join, they were apologetic to my feelings and if I ever changed my mind, I was very welcome. Yes I agree Mr RAC Coon didn't do the KWVA any favors with his actions. I guess you might say "Egotism" is his middle name. I'm on your side lady, and remember the good always wins out. I read the whole thing about your battle with them, my heads still reeling. God Bless you darlin' hang in there, they troops love us

Put this where ever you chose so mr rac coon see it maybe.  
Cheers Pro Patria Stay Cool John

Just checking the new pages, but no one new in my quest. this sites are so great to have available, you pick up new surfers most every day. Just this last week I got three hits that could be beneficial; then again they were asking me if I knew thier loved one or buddy. This has been an interesting 7 years on ththis operation, and it wouldn't have been possible without the dedicated persons such as yourself keeping things going. A great big thank you (and a smooch if I could pass it thru the line). Cheers Lynnita, Pro Patria and stay safe.

**Comments:** My buddy sent me this information and it really brought back vivid memories of those days in Korea. I was with the first Provisional Marine Brig went it went over in July of 1950. I was with them in the Pusan fighting, the Inchon landing.. My outfit the 3rd Bt 5th Marines landed on the Island waited all day for the next high tide and watched the landing from Wolmido. We went on to Kimpo, Seoul, and then up to Wonson and to the Chosin. I have a` hard timing remembering all those tough Marines names, but I will never forget what they did. I wrote a poem a long time ago, but it is always ever fresh in my mind.  
At times I laugh at times I weep At times there is no peacefull sleep.  
I wake up gasping for a breath as I see their faces in frozen death  
Years have passed since those dark days when I saw men try to  
pray before their last breath clipped away clipped away/ There

faded rows of crosses show the cost. thank you for the opportunity

**Comments:** A REALITY OF WAR:  
and the Aftermath

On March 27, 1950, I turned seventeen and immediately set to persuading my mother to give the consent required for me to join the military... On April 6, 1950 I enlisted in the United States Army. In August of that year I was sent to Fort Belvoir, Virginia, for farther training. During which, I learned of the so-called police action taking place in Korea. Like many other young soldiers, I volunteered for combat duty there. My worst fear was that the action would be over by the time I arrived in Korea, so I cut short an eight-day leave to be sure I wouldn't miss anything.

I was shipped to Korea as a rifleman with the army's last all-black combat unit, the 24th Infantry Regiment Combat Team (RCT) originally known as the Buffalo Soldiers; and one of the most

outstanding combat units in the Korean War. In the 1st 14 months of fighting, the 24th RCT was among those with the longest unrelieved infantry service. The Korean war was the last conventional war (trench to trenches fighting where we smelled each other's breath & body odors) where I fought through nine (9) blooded months of it... I would've left the 2nd day if humanly possible.

<http://hometown.aol.com/agogoman76/myhomepage/photo.html>

PS: Its the death of 100s and1000s of innocent victims, women, children, and seniors-citizens, I witness there, who to this day (55 years after the war) still, occasionally, haunts my dreams. Especially during times like these. Have you notice, NO ONE COUNT THE DEAD OR MISSING INNOCENT (IRAQI) CIVILIANS. As if they don't count.

PS: So far, I am told, it's well over 100.000.

However, I can assure you that ,, those who do the killing, will never forgets their involvement's. And history will decide whether we/they were right or wrong.

Wars, are nothing like the ones fought in movies.

A Forgotten Warrior. A forgotten War.

The S-1, Denice Ball, was the only other woman assigned to the 69th. It was an amazing, challenging year. The Korean people were so kind to this "yodzah begoonin." "Serving in Korea twenty years after the "hot war" I always marveled, imagining what the conditions were like for our soldiers and Marines in those mountains. The winter was bitter cold in a Quonset hut in 1974, but they had nothing in combat. The roads were mud trails, the going was so tough. My tour in Korea taught me a special respect for those soldiers and Marines who fought in Korea in 1950-53."

I am a student working toward my master's degree in Graphic Design at the Academy of Art University in San Francisco. My thesis is about race and culture in Korean-American interpersonal relationships, and it tells the stories of Korean-American interracial couples, Korean adoptees, and people of Korean-American mixed descent. The purpose of my thesis is to raise awareness of cultural identity issues in Korean American interracial relation. My thesis will investigate how people reconcile their individual cultural identity in a multi-generational and transracial context.

Please visit my website. Would it be possible to forward to anyone in that would like to fill out the questionnaire and further interview. - <http://moonhwaculture.com/>

for more. Many more. We are actually looking for ALL who served in Korea with the 194th ECB. All Companies.  
I am also trying to find a few guys that I remember from the past-- Howard Carr, Gus Lombardo, Charles(Doc) Smiley, Glen Huebner Ed Potter. I have not seen or heard from them since I left Korea, mainly I suppose because I lost my old address book that also contained many other names, addresses, and phone numbers. If you know me and I did not list your name here, please forgive me. There are so many men that I met, but somehow in this late state of my life have gotten away from me, but if I hear a name, it comes right back. You might refer to it as not forgotten, but a delayed memory. My phone # is (401)766-8262. My street address is 432 Walnut Hill Road. Postal zip 02895-2727. You can e-mail, call, or write me. I will be glad to hear from any or all. Don't forget about the reunion. A sight or date has not been selected yet. Still in planning stage.

Many 223rd veterans are not aware that the Original 223rd Infantry Regiment Association hosts a reunion every year in different parts of the country. This affords our members the opportunity to visit many states in this great country of ours. HOOKUP with old friends and make new ones. Check out the reunions posted on this web site and see where we will be this year. Email me for more information.

Corporal Castro was a member of the 15th Infantry Regiment, 3rd Infantry Division. He was KIA, in N. Korea on 6-11-53. My family has little to no information on my grandfather and his experiences. We know nobody that fought bravely by his side. We are desperate to hear anything about Pedro Ortiz Castro. If anyone has any information about him or pictures to share we would be very grateful. No thought or remembrance is too insignificant. I thank everyone in advanced who will help us bring some light into our lives. God Bless.

This site is absolutely wonderful, I just acquired some more info from the sites pertaining to Frozen Chosin. I made good use of the casualty lists etc.

At least I don't see any names I've been looking for in there. I am inclined to resign to the fact there are one hell of a lot of our men still buried there, need I say more. But I'm not giving up, my Dad always said "No news is good news", thanks and God Bless. John

**Comments:** Hi,

I am the youngest daughter of former Marine Mstr. Sergeant -  
Richard Junior Southall. He was from Salida, Colorado.  
Dad served in WWII and Korea.

IF ANY ONE knew him or has a photo of him, please contact me.  
Please.

Dad died when I was 13 years old. I'm a bit beyond 40 years old  
now. I have no pictures of him, and, he travelled alot and I barely  
got to know him.

My email address is: [ssouthall2000@yahoo.com](mailto:ssouthall2000@yahoo.com).

If you don't know him as being from Salida, Colorado - think maybe  
just Colorado or Texas.

He was about 6' or 6'1" inches tall, kinda quiet (at least from what I  
know), dirty blonde/brown hair. Maybe hazel eyes.

Married a Lebanese woman he met in BEIRUT Lebanon. He  
brought her, my Mom, to the states in 1951.

Any info about my dad and a picture or anything would be great.

Thank you so much.

Stella

**Comments:** I am searching for my half brother. I do not have much information to go on other than the fact that my father met his mother "Valerie?", (I think her first name started with a V", in Korea in the early 1950's during the war. My brother would have been born between 1950 and 1953. I do not know what nationality "Valerie" was or if my brother was born in Korea or Japan? I was told that his mother was extremely intelligent and beautiful and worked for a magazine. I was told that she spoke several languages. My father was very much in love with her but her parents were concerned about the religious and cultural differences. My

father was in the US Army and played for the Army football team where he was stationed. I have no idea where he was stationed in Korea as he was with Army intelligence and that information is unavailable to me. I was told of a medalion (that I cannot locate) that she gave him, I think one of his family members has it but doesn't know they have it. My Dad told me it would help me find you. My father had dark brown hair and vibrant sky blue eyes, in his day he was very handsom. He was also very intelligent and funny. I know the information is minimal but hopefully it will sound familiar to my brother. I would really like to make contact, I would like to share his life with you if you, if you would like to know about him. I would also like to know about you and your family. He always regreted having to leave you. I have a very strong feeling that you are searching too and I sense that all you want are pictures of him.

**Comments:** My father, Hal Frank, served as a medic in the army in Korea. He never spoke about his time there, didn't want to talk about killing anyone when I asked him questions as a little girl. Now he is laying in a hospital bed dying. A doctor intubated him incorrectly (into his esophagus instead of into his windpipe) and his brain was deprived of oxygen for too long. In the past year, he has suffered from the effects of septic shock, and the infection raging through his bloodstream resulted in the loss of a leg, toes on his other foot, and destruction of his kidneys. But he overcame all the odds, and beat the infection. He retained his hope, his sense of humor, a gentle nature, and an unbitter acceptance of the cards dealt him. He amazed everyone with his incredible will to go on. Two weeks ago he was fitted for a prosthesis, and he was so encouraged. We looked forward to bringing him home for Christmas.

Now my prayer is that God, in His mercy, will bring my father to His eternal home, where there is no more pain and no more death. Please pray for him.

This past year, after first emerging from the ICU, he talked a lot about Korea. For weeks he had many dreams. He thought he was in Korea again, or enroute to Korea, or coming home on a ship. For the first time, we heard vividly the effect his wartime experience had on his life. My father's job was to rescue fellow soldiers (including injured enemy soldiers) from the battlefield. I know he was a hero, but he would deny this adamantly. Now, I struggle with grief and deep anguish over the terrible mistake a doctor made. I am angry. I have been told by an attorney that a case against the doctor who made this tragic error wouldn't be worth pursuing because there won't be enough money in it. No lawyer will fight for him because he isn't worth enough. He may have pulled their fathers, or uncles, or brothers off the battlefield, but his life isn't worth enough. He is 76 years old. He already had health problems. Of all the things that worried him, having his "air" cut off was the most frightening. And then he is choked to death by someone who was supposed to be an expert in emergency care. More than anything, my father wanted to live. To be told he has less intrinsic value because he is old and was not well to begin with is devastating.

He has been such a great father and grandfather, and is a wonderful man. He is humble, and kind, and honest. He is very intelligent and strong and brave. He loved books, poetry, history, science, Irish music, Guinness Stout, good food, his children and his grand-children. He was fluent in German. He was such a good listener that patrons of the neighborhood pub thought he was a former "Brother". They sat down with him and confessed their troubles and their sins. He was never condemning or judgmental. He never knew why they called him Brother. He was amazed when he heard the legend about him being a "fallen monk".

He was the eldest of eight. He grew up in Poland, Maine. Immediately upon graduating high school, he joined the Army. He wanted to be a doctor someday so he trained as a medic in the Army. He spent a few years in post-war Germany, then, after being promised stateside service if he signed up for another stint, the Korean War started. He spent the next 18 months or so in Korea. As I sat here, searching the internet, planning my Dad's funeral instead of his Christmas homecoming, I found your site. I was looking for information about burying him in a National Cemetery, with military honors. He would not have asked for this because it would never occur to him, but his children know he should be honored. He is fighting his last battle now, and, contrary to what doctors and lawyers think, he is as wonderful and valuable a human being in his last days as anyone is who is youthful and strong--more precious than ever to us! We love him so much!

Thank you for this opportunity to share my sadness with you. Thank you to all of you who served with my father in Korea.

**Comments:** Hello,  
My name is Tracey and I am looking for information and am hoping you may be able to help. My Grandfather Kenneth Lockard served in Company E as a squadant leader in the 15th infantry. His military records indicate that he played a significant role in the battle at Outpost Harry on the evening of June 10, 1953 and into the following morning. The records indicate that he was eligible for the Silver Star for bravery. Grandpa didn't speak much of the war and when he confided in my Grandmother he told of all the death and terror of that night. He never did claim his award and never really spoke of it. As a tribute to him and also to honor my Grandmother my 9 year old son, Austin and I are trying to take the steps to see if we can bring his medal home greater than 50 years later. Do you have any advise or suggestions or information that may be of use for us? You may reach me via email or call me at 616-891-8997. Thank you so much in advance.

This is a safe place for all the women that love a wounded veteran suffering from ptsd. We come together in the aftermath of war to share information, support and friendship. May you find peace through understanding. May you never again feel as if you are all alone. Compassion and love heal, together we can end the war at home. Great info for the veterans too! If you'd like to share your

story, please e mail me. Thank you soldier, and welcome home!

whole outfit to Sokchori where we waited for the LST's to come in  
and deliver supplies and troops. Our company and several others  
would load up the supplies from the LST's and deliver them to the  
front line depots. Our trucks ran 24 hours a day and we had the  
greatest bunch of guys you could ask for along with a C/O who was  
a real southern Gentleman along with all the other officers. My time

in the 504th was something that I will never forget. I ended up as the company clerk and I went home in January 1953.

**Comments:** Since I have been on the internet I have met some fine people who are always willing to help a fellowman out. But I have come across a real gem of a friend, Lynnita Brown. Lynnita and the webmaster have treated me to another enoyable encounter on the net. They have done a masterful job in taking my story and making something "readable" in creating My Memoirs I supplied

the basic  
foundation and she  
did the rest.I  
applaud her for  
trying to educate  
people that the  
Korean War was  
not something to  
be forgotten and  
not hardly  
mentioned in  
today's history  
books, but into  
something that  
happend over a  
half century ago  
and deserves a  
more prominent  
place in our  
national and world  
history. To all those  
Korean vets, I say  
thank you for your  
service and for  
making America  
proud. And to those  
that did not come  
back, we owe them  
and their families  
our eternal  
gratitude. gene

He was a Sgt and a Medic or Aid man and was captured 27 November 1950. He died while a prisoner and the official date of death might be 31 March 1951. This date shows up on the POW web site. I know his unit was overrun and suffered heavy casualties and many were captured. If anyone knew him or has more information please contact me. He was the brother of someone I know. I don't know if his body was recovered or not. He was from Chicago and was about 21-22 years old.

**Comments:** I signed this guestbook several years ago when I first began my service to the KWE web site. I sign it now as I leave my service to this site and its mission.

Due to family responsibilities I have resigned as the webmaster to the KWE. I don't know if this is a permanent path or if I will someday return.

It has been my pleasure to work with Lynnita Brown and to serve the Korean War Veterans with my work on the KWE. I may not be putting more content on the site at this time but I leave behind a lot of my heart.

Working on this site has affected me. I can no longer sit at a parade while the American flag is proudly carried by veterans of any war. I feel great gratitude in the service these men and women gave to our country. I have also learned a great deal about the Korean War.

As I said, I leave a part of my heart behind on this site. I will return to watch its progress and continue to hold all veterans in my prayers as well as those who still stand guard on the borders of this country and those who are on foreign soil fighting for freedom and democracy.

**Comments:** As the founder of the Korean War Educator, I have a special interest in the welfare of Korean War veterans. I urge visitors to this website to take a hard look at the KWVA News page of the KWE in order to find out what is happening at the national level in the Korean War Veterans Association.

This is election year for the KWVA. Lou Dechert of Louisiana is the Korean War Educator's candidate of choice for KWVA president. He is a critic of the Harley Coon administration, and has vowed to right the wrongs committed by Coon and those who have helped him commit them. The Korean War Educator is 200% behind Lou Dechert's efforts to bring honesty and integrity back to the national council of the KWVA.

If you are unfamiliar with the problems of the KWVA, again I urge you to visit KWVA News on the Korean War Educator. Be sure to click on About Harley Coon and the Recap of the Coon Administration. There, you will find out the real story about Harley Coon and what has been happening during his dictatorial reign as president (and now illegal president) of the KWVA. Click also on those sections that tell you about how Coon illegally manipulated the KWVA bylaws in order to create a third-term presidency that enabled him to run for office (see "Usurping Bylaws"); how Coon illegally removed members who opposed him (see "Controversies - Member Removals"); how a plan to deceive the members of the KWVA about their national headquarters was carried out in the Graybeards magazine (see "KWVA Headquarters"); how a national council member has been involved in self-dealing (see "Cook Check"). See "Problem in a Nutshell", too, to understand the unusual set of circumstances that allowed these problems and more to continue within the KWVA at the national level.

Finally, go to "Redeeming Value of the KWVA" to see why the Korean War Veterans Association is definitely worth wresting it from the hands of the self-serving individuals who have caused the reputation of the KWVA to plunge to great lows during the Harley Coon administration.

The KWVA needs to clean house. Lou Dechert and other Take Hill 2004 candidates are the men who can get the job done. With new

leaders at the helm, KWVA members can restore Bill Norris' dream for Korean War veterans. On behalf of the members of the KWVA and the KWE, I urge you to vote for Lou Dechert and his slate of Take Hill 2004 candidates. - Lynnita Brown, Founder, KWE

**Comments:** I reached Korea in November 1951 and was sent by train to Wonju where I was assigned to the 504th Transportation Truck Company, part of the 70th Truck Battalion and part of the 351st Transportation Highway Transport Group. While in Wonju I and several other GI's were transferred TDY to our Group Headquarters where we learned to drive everything from a jeep to a 2 1/2 ton truck and how to take care of the vehicle. Upon completion of this course we were then sent back to our outfit and we were a bunch of "double cluthchers". Within a few days I was assigned to a convoy of 15 trucks where we loaded up with all types of supplies for the guys on the front lines. It was a most interesting journey and my last journey. When I returned the next day I was assigned to be the truck driver for our mess hall. The mess hall was under the tutelage of Sgt. White and the hall was nicknamed "White's Hash-a-dashery" after a few months on this interesting detail I was then transferred to being the Company Clerk and Mailman. That was my last job for 7 months and as of January 4, 1953 I was rotated home. The 504th was a great outfit. Made up of loving, caring Officers and non-coms and enlisted men. We all worked together, had a great time and took care of all the serious business. I would love to hear from some of these guys even though it's been 50+ years... Also those from my basic training outfit the 420th Engineer Dump Truck Company from Ft. Bragg, North Carolina from February to September 1951. You were all a great bunch of guys and I think of all of you from time to time. I was an enlistee 5 days out of high school.

**Comments:** During the month of June, 1952 a patrol of approximately 20 volunteers from Fox Co. 17th Inf Reg. of the 7th Inf Division was put together. The purpose of the patrol was to recover five GI's from King Co that had been KIA several days prior. The bodies had been placed in body bags and layed between two Chinese'fingers (strips of land extending from a main mountain, forming a valley between}. The Patrol was led by the CO Captain McNaair and the First Sgt

Randall both of which were to be awarded the Silver Star for their action. As we approached the bodies I noticed a letter attached to a Staub that had been driven into the ground. The Co asked me to retrieve the letter, which I did and returned it to him. He opened the letter and read it to the group: In essence it read: "We will allow you to retrieve your dead and will not fire on you (keep in mind that we were sitting ducks at the time). It went on to read, "Keep in mind that while you are thousands of miles from your home and loved ones that your politicians and political heads are sitting safely in Washington DC on their Fat A---. I have already been in touch with several of the guys that remember the incident. One that was an actual part of the patrol, a medic that helped with the identification of the bodies, and a forward observer that was there to direct fire if the need arose. I am still looking for other members of the patrol or those that were waiting in support. Drop a line if your familiar with incident. Very few are as close as those we shared such experiences with some 50 years ago.

By Sept. we were up near the "Old Baldy" area when it got hit on the night of 9/18/52. I left the Co. about 12/9/52 going home on accumulated points. Would like to hear from anyone who was there at that time. I just joined the KWVA and got my first issue of Greybeards magazine with the picture of the dock and warehouse at Sasebo, Japan.

To celebrate our 50th Wedding Anniversary my wife and I took a 7 day tour to Korea in Oct. 2002, it was great. What a change in 50 years. Trip was by California Pacific Tours of San Francisco, CA. Roy Montgomery is the owner of the Co. and plans the tours and they are great, you will get to see the places that are of interest to the people that were there. We took the 7th. Aboard the Caliente we were part of the 7th Fleet, 77 task force assigned to supply our War Ships with fuel. i.e. black oil and aviation gas during the war in Korea. Our routine was loading up fuel in Sasebo Japan and steaming out to meet the Fleet off the Coast of Korea. Fueling operations would start 4:30 a.m. and take 9 to 10 hours to dump off fuel to approximately 2 Carriers, 1 Cruiser and about 8 Destroyers. Our ship would cruise from Pusan up past the 38th parallel into Wansan area then steaming up as far as Vladivostok, U.S.S.R. For further information on the duties and voyages of the USS Caliente see my story in The Greybeards Magazine, the official publication of The Korean War Association Volume 16, No.1, JAN.-Feb. 2002.

The book was delivered by Amazon on Christmas Eve, my husband randomly opened it to page 99 to find his father smiling at him. We took this as a Merry Christmas from heaven. For anyone who was with the 15th IR, 3 Div, Co. F on hill 355 (Little Gibraltar) this book is a must see. There is a documentary forthcoming in 2003 about this hill and the men who fought there. I have made contact with the author, and connected him to Ralph (Doc) Tripp who was a medic with Co F. He is looking to find a Eugene Smith, formerly of Elyria OH. **Comments:** I served with a great bunch of guys in the 45th Signal Co. in the 45th Infantry Div., during early 1952 until May of 1953. After 45 years a group of 10 to 15 of us have found each other and have been getting together for reunions. We have met in different areas of the country since we are spread out over many states. We are still trying to find other members of our signal group and if you are familiar with the two names that follow we all will appreciate hearing from you.

GEORGE SARGENT who was originally from Ocanta, Wisconsin and RAYMOND WILSON who was originally from Oshkosh, Wisconsin and later moved to Sacramento, California. It's tough to track people down, as you know, so if you can help you have our thanks.

This web sight is a great service.  
Happy New Year and PEACE TO ALL!!!

**Comments:** The Korean War was fought on the sea as well as on land. The USS Chara AKA 58 served as an Ammunition Ship rearming ships of war at sea as well as land bases, a troop ship evacuating 1000's of Army and Marine Combat units from Hungnam Korea December 1950, supplying food and supplies to the war ships and land bases, serving as a hospital ship to care for the wounded, as well as hauling 5-10 thousand prisoners April 1952 in her 5 triple leveled holds from the over-crowded Koje-do Prison Island to a another location. Chara played a very important part in the Korean War effort from 8/50 through the so called end of the war.

Chara crew proudly served our country 1944-1972 in all the major battles of the South Pacific and Far East. **Comments:** I was with my parents in June 1950, on a ship (Greek line) crossing the Atlantic, heading for a holiday in Italy. We left June 9th on this voyage which would take 14 days to cross the ocean. (The ship had been a troop carrier during WWII.)

On June 13th the

announcement came that the US had gone to war with North Korea.

The crew, being Greek and not understanding English very well, was very matter-of-fact about the announcement, but, I remember the concern that we Americans felt. I remember that most of us weren't even sure where Korea was, or why we were getting involved.

At that time, the man who would later become my husband, was a cadet at Norwich University (a military college), and was sure to be called to serve in Korea. As it turned out, he failed to pass a physical before the start of his junior year, as they discovered he was diabetic. Several members of his class were killed in that war.

I salute the veterans of the Korean War - not forgotten by me!

**Comments:** In the casualty section on this site is a list of non-battle casualties compiled by me several years ago from DA microfiche records. This list has since been scrubbed (corrected & updated) by Department of Defense; the list now has 2,831 names of individuals who died in Korea between June 25, 1950 and July 27, 1953 from accidents, diseases and other non-battle causes. I have a printout. If anyone needs to verify or doublecheck information as to a particular name, please feel free to contact me. Some of the entries have a unit of assignment.

Many of the men listed on this roster were combat or combat support troops who drowned, got injured or died of disease or from friendly fire, or who died as a result of other non-battle causes - so were not listed on the DOD battle casualties list of 33,741 names (KIA, DOW, DWM, DPOW).

He was also given a Purple Heart. I am so proud of him but I would give all his medals back to have him with me. I would love to hear from any buddies who knew SFC Woodrow W. Curtis who left Ft Lewis on July 24, 1950 for Korea. He was with the 23rd Inf. Reg., 2nd Inf Divi., 3rd Batt., "K" ci. He was also a boxing coach at Ft. Lewis and a welter weigh champion. I miss him.

In a few short months I was Ch of Sec, Chief of Chiefs, Chief of Detail and, believe it, Mess Sgt. Bn deactivated. Btry reactivated as Base Depot Co operating pier 4 in Pusan. Finally got back to Div Arty as S2 Sgt. Most miserable two years of my career. Back again in Sep 51, 24 Div Arty, S2 Section. Div was going to Japan so I transferred in Jan to 555FA Bn, 5 RCT (ISgt, Btry B). Rotated Aug-Sep 52 from Punchbowl. Had 12 yrs in Germany (3 tours) with time inbetween for a tour in Nam, 1967-68, 25 Div Arty. Finally hung it up in July 75 with 33 yrs AD, all but two yrs arty and all enlisted. CSMO

After being called to active duty transferred in May 1951 to the 67th Reconnaissance Technical Squadron based at Taegu Air Base (K-2) Korea. 67th TRW moved to Kimpo (K-14) in August 1951. Left Korea in February 1952. Remember writing an intelligence report with a very memorable incident. A reconnaissance aircraft was flying over an installation in northwestern North Korea (MiG Alley) in the fall of 1951. The installation turned out to be a POW camp. The

prisoners we spelling out their satatus by standing in a formation. The letter P and the letter O were complete and the letter W was half formed and you could see the men tryig to get in formation to finish the W. Would really like to hear from anyone that might possibly have been involved with that incident. S/Sgt. Duane Hall that worked with me in Korea is now working with me trying to put a book together about out experiences as photo interpreters.

**Comments:** The Columbia County Board of Supervisors have a program entitled "Columbia County Honor-A-Veteran." A veteran is honored each month. Today the honor went to 4 heros of the Korean War, members of the 7th Infantry Division, killed within 5 days of each other. One was the first of 9 county residents to die in Korea and his brother was the first to die in WWII. Two of these young solders lived next door to each other and were life long friends. They were killed in action during the battle at Chosin Reservoir. In attendance were family members who were presented w/medals, plaques and proclamations from the County, State of NY and the President of the United States. Also on hand to honor our fallen comrads, in addition to the County Board of Supervisors, were members of the Korean War Veterans Association, American Legion and Veterans of Foreign Wars. I can think of no more fitting a way to start off the Memorial Day Weekend than to honor these brave soldiers.

MG Russel Honore's 2d Infantry Division - "Second To None" - did the honors.

The event was made possible due to the yeoman efforts of BG David Valcourt, formerly the 2d Infantry Division's ADC.

The Goodblood Family and the Korean War Veterans Association was represented by retired Major Curley Knepp, a member of the Maine KWVA, who lives in South Korea.

A heavy weapons infantryman, Corporal Goodblood entered the service from Burnham, Maine. He was a member of Company D, 1st Battalion, 7th Infantry Regiment, 3d Infantry Division.

Did my basic training at Camp Lee, VA, went to Clerk-Typist School, and was then transfred to Fort Leavenworth, Kansas where I spent most of my enlistment working at the Command & General Staff College. I was transferred to Fitzsimmons Army Hospital in Colorado and worked in personnel there until my discharge in 1951. My brother, Carol J. Jones served on the U.S.S. Consolation a hospital ship from 1949 when he was 15 years old. He was reported missing from the ship at Inchon Harbor, Korean where the ship was anchored. He was reported dead a year later in 1951. He was 18 and had just re-enlisted. Two other brothers were in WWII.

Bill Dillon:  
I think you were a little rough on Maj Bob White, whoever he is, because he is correct. There is no longer any question. 51 246

men did not die IN Korea. A total of 36,568 died in-theater between June 25, 1950 and July 27, 1953 and a total of 17,678 died outside of the Korean Theater durin the Korean War era - together they add up to 54,246.

Furthermore, you cannot ADD the 8,177 (BNR) men whose bodies were not returned from Korea to the 54,246. Why? Because the 8,177 number is INCLUDED in the 54,246. Not only that but they are not all MIA, some are KIA, DOW and POW. Also, you cannot ADD the 389 to the numbers because they are already INCLUDED in the 8,177 number.

As to the 103,284 number of WIA - some men were wounded more than once totaling 103,284 wounds;however, only 92,134 actual MEN were involved.

Another thing you need to know is that according to the Surgeon General, the WIA roster lists only WIA who were hospitalized. If a man was wounded, patched up and sent back to his position he WAS NOT listed as a WIA. There were a hell of a lot more men wounded in Korea than the public generally is aware of.

All of this can easily be verified by writing to the Dept. of Defense, American Battle Monuments Commission.

-----  
FOLLOWING ARE THE OFFICIAL NUMBERS:

The following is a compilation of battle and non-battle deaths for the Korean War. The statistics were prepared by Washington Headquarters Services [WHS], directorate of Information Operations and Reports [DIOR] as of January 1, 2001, as amended on April 17, 2001. These are deaths, or incidents that led to deaths, between June 25, 1950 and July 27, 1953. All names are maintained in the official Department of Defense (DoD) Korean War Casualty Database. A roster of 36,568 names has been published.

BATTLE DEATHS IN THEATER

Battle deaths include the following casualty types: killed in action, died of wounds; died while missing; died while captured or interned. Total: 33,741 = Army 27,731; Air Force 1,238; Marines 4,267; Navy 505.

Breakdown by Service:

KIA – Army 19,716; Air Force 209; Marines 3,320; Navy 370

DOW – Army 1,886; Air Force 14; Marines 532; Navy 27

DWM – Army 3,337; Air Force 991; Marines 388; Navy 104

DWC – Army 2,792; Air Force 24; Marines 27; Navy 4

NON-BATTLE DEATHS IN THEATER

Non-battle deaths include deaths from all other causes and deaths

while missing. Total: 2,827 = Army 2,124; Air Force 307; Marines 242; Navy 154.

Breakdown by Service:

Other - Army 2,098; Air Force 14; Marines 242; Navy 154

Missing – Army 26; Air Force 293; Marines 0; Navy 0

#### TOTAL DEATHS IN THEATER

Total: 36,568 = Army 29,855; Air Force 1,545; Marines 4,509; Navy 659. WHS DIOR cautions that some of the numbers may change in the future as new information is obtained by DoD.

#### WORLDWIDE LOSSES OUT OF THEATER

The WHS DIOR estimates that 17,678 deaths occurred worldwide in addition to the 36,568 in-theater battle and non-battle deaths.

Total: 17,678 = Army 7,279; Air Force 5,538; Marines 1,019; Navy 3,842.

WHS DIOR advises that it does not have a complete roster of losses out of theater nor has one ever been published; but DIOR is working with the Services to obtain this information and hopes to be able to complete a roster soon.

#### TOTAL IN THEATER AND OUT OF THEATER LOSSES

Total: 54,246 = Army 37,134; Air Force 7,083; Marines 5,528; Navy 4,501. WHS DIOR cautions that the sum of the numbers may change in the future as new information and data are obtained by DoD.

-----  
The following site contains the above information. Go to [http://korea50.army.mil/casualties/Korean\\_War\\_Casualties.htm](http://korea50.army.mil/casualties/Korean_War_Casualties.htm) which is the official DoD site for the 50th Anniversary of the Korean War commemoration.

You will note that the total casualty for IN-THEATER Korea is 36,570 instead of 36,568, a difference of two. When the 50th Ann. Comm. posted the 36,570 number it was not aware that one name was found by DoD to be a duplication (two names, one person) and the other was of a man who was found to not be an in-theater death. The site, I presume, will be corrected soon to read 36,568.

**Comments:** Lynnita thank you for a great web site found you through the Greybeards I took Joe OConnors job after he was KIA 8-14-52 Joe and I grew up together in Brooklyn NY, I was his asst. gunner on the 81mm mortar, we were in the 3rd Div. 15th Regt. Mike Co. Later I was transferred to Japan 1st Cal. 5th Regt. 4.2 mortars, A month later we were shipped to Koje Island to round up 30,000 North Korean POWs President Syngman Rhee turned loose after a dispute with President Truman, We put them back into their POW compounds then they shipped us back to Korea, Any one remember me? send me an email, I want to say one more thing to you guys out there.....

This was Major Bob Whites gift to the Veterans of The Korean War on their 50th Annerversary in Wash. DC June 2000

I am Correcting the Corrector To Major Bob WHITE (Desk Jockey) Sounds to me Bob that you are trying to play down the numbers, We all knew it as 54,246 KIA 8,177 MIA and 389 POWs that never made it back, Thats a total of 62,812 dead, Now you come along and say there were only 36,516 KIA, Where in the world do they get people like you? And you change the number of wounded from 103,284 to 92,134, I hope you counted me Bob because I was one of them

You say you are trying to protect the legacy of those who fought in Korea, Sounds like bureaucratic bull to me Bob, Who put you up to this Bob? Was it the draft dodger? Afraid the American people will get upset with the orginal numbers of so many getting killed in only 3 years 1 month & 2 days? Which shows the intensity of The Korean War.

And what will your next correction be in a few years be Bob? Cut the count down to 20,000 and then 10,000 killed in Korea? Or better yet Bob why not just make believe there never was a war in Korea, and why not Bob its called The Forgotten War any way, This is one hell of a slap in the face you gave to all of us that fought in Korea Bob, And your timing was perfect Bob, Is this your 50th annerversary present to the veterans of the Korean War Bob? Do us all a favor Bob and climb back under that desk of yours and stay there

Shame on you and shame on America for allowing the likes of you to voice such garbage, Its bad enough we were so badly forgotten and you come along with a cheap publicity stunt like this one. Still licking my wounds from that war.

Bill Dillon

He was born 12/28/34 in Milwaukee, Wisconsin passed away on 3/5/99 in Milwaukee, Wisconsin. It would bring tears to his eyes to see this site and to realize the anniversary reunion amongst other things are adding to the tribute of all Korean War Veterans. My uncle served with the 36th Fighter-Bomber Squadron (8th Fighter-Bomber Group) at K-13(Suwon) in 1953. He was shot down and became MIA in June of that year. He, along with many other pilots from the various fighter groups that flew in Korea paid the ultimate sacrifice for freedom on the Korean Peninsula.

Keep up the excellent work.

DIVISION MEMORANDUM

NUMBER.....238-50

Operations in the Chosin Reservoir Area

1. Early in November the First Marine Division launched a drive from Hamhung toward the Chosin Reservoir. The 7th Marines, in the lead, advanced north steadily and by aggressive and

determined fighting finally decimated the 124th CCF Division in the vicinity of Chinhung-ni."

I received my copy of O. P. Smiths Division Memo in Masan, Korea Christmas week. They were given out while in the Chow Line. I still have my original copy.

I'm sure your quite aware that one already exists and may save you a lot of work if this is part of your completion plan. The web of reference is <http://www.theriver.com> Korean war Casualties U.S. Army, or whatever branch. In my case I'm listed as WIA and one needs to go to the Div. (7th Inf Div) to the Reg. (17th Inf Reg) then to first letter of the alphabetical listing (in my case R for Reynolds. Then surf down to the last name. Reynolds Jack L. There is a lot of compiled information in this website that may save you time and effort. Anyway your site is appreciated by this ol Korean Vet. Have a good day and by our Good Lord Bless.

I am trying to get some information, maybe someone can help. My dad is not around any more but I am trying to find out the name of his group and where they were stationed in Korea. I found an army picture, They are holding a flag it has 180 at the top with 2 guns crossed below it and below that it has a K. He has about 50 names

of the guys in his group on the back of the picture. He was in Nov. 2 1950 and got an honourable discharge Sept. 26 1956. If anyone can help me please contact me ..thank you..

It's great to see a site dedicated to the 10th. Engineer Combat Battalion the unit I served in from October 9, 1950 to December 3, 1951. With Company D. The "DAWGS OF WAR" Kulbes Mongrels.

I wrote two books on that War. "To The Last Man" Published in 1991. Now out of print. Then "WAR DAWGS" published 1998. The last one is for sale online at Barnes and Noble and Amazon.com.

This is indeed a great Unit the 10th. Engineer Combat Battalion 3rd. Infantry Division. Where is still serves today with the same honor as ever.

May Bless all who served in this Great Battalion. "Bridge the Sky" To The Last Man, DAWGS OF WAR!

Not in the big scale as in 51-53 but still a very dangerous place to be. I was really surprised by the "Wartime" environment. 13 Months in a country still officially at war (only a cease-fire in effect still today) and still no recognition. O well, our motto was "Duty not Reward" so I guess that's how things are.

I enjoyed your web site. Keep up the good work.

Just visited the Korean War Memorial in Wash. D.C. It's most impressive and moving for someone "who's been there," as the larger than life statues of GIs in panchos, advancing in an irregular formation, brings back vivid memories.

Now 70 years old, but after seeing the events of 9/11, I'm ready to go back to war!

**Comments:** I served with the 65th Inf Regt, 3rd Inf Div from August 1950 to August 2, 1951. As a radio operator for Hq Co, 65th, we landed, and saw combat, in the Pusan beachhead. Later, we landed in North Korea attached to the 1st Marine Div. We kept open the Koto-Ri door for the 1st Marines to get out and evacuate. The regiment was the last Army unit to leave Hungnam on Dec 24, 1950. I was part of the last ten to leave that port shortly before it was blown by the Army Engineers. We landed in South Korea, reorganized, refitted and moved to the western combat zone where we crossed the Han River, helped in the recapture of Seoul, fought above the 38th parallel and on April 4, 1951 felt the onslaught of the second Chinese offensive. We retreated South, executed the last battalion size bayonet attack to relieve an English Commonwealth infantry battalion surrounded by the Chinese. We held the Seoul position against the Chinese and later moved to the Chunchon area (Central Korea) to relieve the 2nd Inf Div. I was wounded May 24, 1951 during this operation. I returned to Puerto Rico and spent six more years in Military Police and Signal units. I served in Henry Barracks, Cayey, Puerto Rico, (MP's), then with the 181st Signal (Depot), 8th Army in Korea. I also served with 54th Signal Co, Fort Hood, Texas. While here I was sent to Camp Robinson, Little Rock, Arkansas as support for the paratroopers who were keeping the peace in downtown Little Rock during the Central High School integration crisis. I left the service, went to work for the Post Office for a short time and spent 11 years as a Revenue Officer and 15 years as a Special Agent with the IRS. I retired in 1989, stayed to live in Puerto Rico. I spend my time reading, writing and researching the Korean War (mainly on the 65th Inf. I do community service as a member of the Lions Club and enjoy our pretty beaches and mountain areas.

**Comments:** Thanks for a wonderful site. I feel small among combat vets. I was the only son and grandson so they would not let me go overseas. I was drafted but they thought I was best suited in the Air Force as an engine mechanic. I didn't go overseas but some of you went over on the C-124's I worked on. They brought you replacements, supplies and most of all mail. The return trip was the one I hated, they brought back flag draped boxes. God bless you all and let's not let the memory of those who didn't come back fade. Let's form up together and let the world know that we didn't fight in a forgotten war.

Good to have found you again! Last word I had was a copy of your resignation from the "Foundation" which you sent me in August 1999. I had heard that you went to Missouri or Kansas to teach, and then last year we had two ladies from the "Foundation" at the 24thIDA Reunion in Fort Mitchell, KY to come talk to us. Following the talk, I asked about you and they didn't seem to want to talk. Too, they were to have forwarded me some recent information on the "Foundation", but never did. So, anyway, good to have you back in my world. And, speaking of my world, go to the Homepage I gave and see my 46-year old daughter whom I just recently found. Actually, we found each other by accident..have been many news stories about us, articles in papers, radio interviews, TV, etc. A great feeling for both she and I after 46-years of absence. She will finish a disney movie script in November and then we plan on doing some travelling and get to know each other. Maybe we will come your way. A great site Lynnita, and glad I found you again.

**Comments:** Helow All,

My hat goes off to all who served in Korea during and after the Korean War. I was stationed in Japan with the 43rd Engr. Const. Bn. at Tokorozawa, Siatama Prefecture, (not too far from Cp. Drake).

The outfit supported the war effort by constructing and repairing air strips, roads, camps, depots, housing areas, etc.

In Jan. 1947 I passed through Ft. Mason in S/F Ca.. We departed on the USS Hogers, for most, after three days of sea sickness we arrived at Guam.

There we were told we were going to Where's That, (KOREA). On the 28th of Jan 1948 we arrived at Inchon harbor, we debarked to LST'S, on to the tidle basen to off load to a train to take us to the Yongdong Poe repple depot as it was called,(actually it was at AnYang).

The train ride took about 4 hours, the passenger car seats were filled with snow (most of the windows were left open).

After 3 or 4 days at the repple depot several of us were shipped to the 599th Engr. Base Depot at ASCOM City, (Bope-Yong),at 17 years of age I already found Korea was no field trip,I was assigned to the 504th Heavy Maint. Co., later to the 92nd Engr. Svc. Co..

Spent 6 months as DSD. Depot Security Detachment in Aug. 1948

went to the 443rd Base Depot Co..

In Jan. 1949 all the remaining companies shipped to Japan as a Depot by way of Okinawa on the USS Buckner 2, landed at white beach on a Navy pontoon cube dock, stayed for 4 or 5 days.

Shortly later we left for Yokohama Japan, on to Cp. Zama repple Depot, then on to the 43rd E. C. Bn.

After 9 years of service with the Corps of Engrs., discharged in 1956 I took a job in Korea as a department of the Army civilin, went to work at the 565 th Engr. Depot at ASCOM City, at the 54th Field Maint. Co., I was incharge of the High Bay repair shop.

In 1959 I transfered to the Tageu Post Engineer's. Departed in May 1967 for a job in Japan, ( I did work 7 months for the Vinnell Corp. on the 8th U S Army power contract, duty station at Taejon, I was responsible for the microwave station power plants.

Dats all for now.

I am the president of Florida East Coast Chapter of KWVA (Daytona Beach), was in Korea from Feb '52 to April '53 in a combat engineer company. Reading the articles on your site brought back a flood of memories and tears to my eyes. For so many years I have had to contend with most peoples disinterest in the war. I feel now (with the onset of 50th anniversary information) that my efforts during that period were worth while. For a long time, I did not. I thank you greatly for your help in educating our country about our "forgotten" war. God Bless You. Bob Hawes, bobrmh@bigfoot.com

Also, as a nurse I have been interested in learning or hearing from any nurses who served during this war. I have been doing research for the American Museum of Nursing in Glendale, Arizona. Also, I found an ex-Marine who knew his Gunny whose photo is etched in stone on my father's hometown area in Oglesby, Illinois. This wonderful man continues to do alot with the Marine Corp League in his state as well as his wife. My father and two
